

# TOGETHER FOR OUR MOANA - WE'RE SHAPING OUR FUTURE

## SNAPSHOTS

### COLLABORATIVE POSTER

#### Overview

**As a class, create posters to highlight the multiple benefits of marine reserves.**

The theme is:

***"Together for our moana - we're shaping our future"***

## Question 1

- **Watch** [YOE Video - Goat Island](#)
- **Whole class discussion:** list all the benefits of a marine reserve. These may be more general (e.g. biodiversity protection) or specific (e.g. protect kōura/crayfish from over-fishing).
- **Show good examples** of informative posters and **discuss elements** that make them appealing.
- Divide the class into small groups of no more than 2-3 students. Ask each group to create an A4 poster that showcases one of the benefits of marine reserves.

### Quick Steps to making a catchy poster:

- **Title:** Make it big and bold.
- **Information:** Keep it simple and clear with short phrases.
- **Pictures:** Use colorful, relevant images that match the message.
- **Colors:** Choose a few bright colors that complement the poster.
- **Neatness:** Write clearly and keep the poster organized.
- **Please share** with Young Ocean Explorers.
