MARINE RESERVE CASE STUDY

Overview

Use the [Department of Conservation website](#) to choose a marine reserve to explore in detail. Include as much information as possible.

You may like to search beyond the DOC site and find out more.

Instructions

Where is the marine reserve located? Show on the map of Aotearoa below.

Instructions

1. When was the marine reserve first established? Include any other relevant details about its establishment.
2. What are the goals of the reserve? (What species is it aiming to protect?)
3. Other interesting facts / information:
4. Further questions I still have after conducting this research:
